Catch Hospitality Group Anticipates the Opening of their Eighth Restaurant in Dallas, TX

The Catch Restaurant will Open at the End of 2024 in Maple Terrace

Dallas TX - September 30, 2024 – Catch Hospitality Group is opening their eighth Catch Restaurant location in Dallas, TX. The 16,000-square-foot restaurant will be inside Maple Terrace: a new luxury condominium space located in Uptown Dallas known for its modern residences. The restaurant will include a large dining room, a two story patio, and a private dining room titled “The Emerald Room.” The menu will feature seafood, sushi, and steak, with some signature dishes from Catch’s restaurants across the nation. The menu will also include some dishes exclusive to the Dallas location, such as luxury sushi selections and Japanese wagyu.

After opening the seventh Catch restaurant in Miami Beach and their third concept, The Corner Store, in New York City, the Catch Hospitality Group is excited to expand their successful restaurant franchise into the Dallas Area.

“Dallas is an underrated market when it comes to luxurious dining,” said Eugene Remm, Co-Founder of the Catch Hospitality Group, “But with the shopping, hospitality, and nightlife scene that Dallas offers, we know that Catch will be the perfect new addition, especially to the growing Maple Terrace space.”

The Catch Dallas location is set to open at the end of 2024, and has opened up their career search to find chefs, managers, and doormen as the restaurant approaches its arrival.

ABOUT THE COMPANY

Co-Founded by Tilman Fertitta, Mark Birnbaum, and Eugene Remm in 2011, Catch Hospitality Group is home to seven restaurants including Catch, Catch Steak, and their newest concept: The Corner Store. Catch Hospitality Group wishes to combine a luxury dining experience with first-class service and a chic ambience. More information is available at catchrestaurants.com, or on our instagram, @catch. For any further questions, please fill out the contact form on our website, or email us at contact@catchhospitalitygroup.com.
